### ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

WHEDA has been developing a statewide Section 8 Housing Voucher Program. It has been WHEDA's and HUD's objective to develop assistance programs in those areas of the State of Wisconsin that do not have assistance available. This has primarily brought the focus into more rural areas of the State that do not have functioning Housing Authority's or countywide networks in place capable of developing such assistance. When WHEDA first began this initiative at HUD's request, there were over 40 counties within the State that did not have any tenant-based housing assistance. We have been able to develop programs in 36 of those counties.

WHEDA's ACC authority for the Voucher Program under contract with HUD for WHEDA's fiscal year 2001, beginning July 1, 2000, is 945 units.

Through efficient administration, financial oversight of the program, and considering the cooperation and direction we have received from HUD, we have been able to increase the number of Vouchers available for lease. From April of 1994 to March of 1995 WHEDA was able to increase the number of Vouchers under lease from 574 to 693. This is an increase of 119 Vouchers under lease in the 12 months since April 1, 1994. In April 1995, when we submitted our budget for our fiscal year beginning July 1, 1995, we were able to increase the number of Vouchers available for lease to 868.

In establishing programs in 36 counties, WHEDA has been able to develop and nurture a variety of local agents to assist in administering the Vouchers and the Family Self-Sufficiency (FSS) component. WHEDA and its local agents have been able to successfully adhere to the Housing Quality Standards as detailed in 24 CFR 887. Units are inspected at least annually, and at other times as needed to determine that the unit meets HQS. Additionally, WHEDA conducts supervisory quality control HQS inspections annually on a minimum of 5-10% of the contracted units for compliance with Housing Quality Standards.

WHEDA and its local agents have many participants who have portabilized their Housing Vouchers either to the community or to another community of their choice that operates a program. We have had

extensive experience with all facets of portability and have worked cooperatively with many other housing authorities to resolve issues and coordinate participant transfers.

WHEDA and its local agents comply with Fair Housing and Equal Housing Opportunity requirements and have had an excellent compliance monitoring review.

In March 1998 WHEDA began administering our first tenant-based rental vouchers for eligible residents of a preservation eligible project that HUD had approved for prepayment of the Mortgage. Forty families were given rental vouchers in order for them to continue to live where they were. Very few residents chose to move with their voucher. Since March 1998, WHEDA has been asked and received contracts to administer two more preservation eligible projects. These contracts were effective for September 1998. WHEDA has also been contacted about the possibility of administering tenant-based assistance in approximately five more projects located through out the State of Wisconsin.

Finally, WHEDA and its local agents have an excellent record of correct payment computation and rent reasonableness. Our agents have received proper training and have the tools to determine participant and Housing Assistance Payments (HAP) contributions and are reviewed annually by WHEDA to assure accuracy. The agents in the local communities have great knowledge of local housing markets and utilize this knowledge to assure that contract rents are fair, appropriate for the size of the unit, type and quality of housing.

X Admissions Policy for Deconcentration

WHEDA as PHA for the Voucher Contracts participates in the efforts of the State of Wisconsin to deconcentrate areas of poverty by receiving applications from households who live in areas of such concentrations. This policy has been developed because the counties of WHEDA voucher jurisdictions are not identified as being areas of concentrated poverty.

A specific example of this policy in action is WHEDA's participation in the Milwaukee Area Regional Opportunity Counseling program conducted by the Milwaukee YWCA under grant funds to Milwaukee County for the purpose of finding relocation housing opportunities for families in the Milwaukee area.

## 1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

### A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

WHEDA is a State Housing Finance Authority designated as quasi-governmental and chartered under Legislation for WHEDA to exist for the purpose of providing housing for low and moderate income persons in the State of Wisconsin. WHEDA is governed by its 14 Board of Directors and Executive Director who are appointed by the Governor.

The Authority has a staff of 167 and is roughly divided into 8 Groups, further divided into 21 Teams. The Voucher Program is administered under the Asset Management Group, RAAM Team branch of WHEDA. Personnel involved specifically with this program is one Multifamily Portfolio Manager (MPM) and two Program Representatives (PR).

Organizationally, WHEDA subcontracts most of the field work involving waiting lists, tenant selection, voucher processing, document processing and unit inspections to third-party service providers.

The MPM and PRs prepare the voucher contract budgets, plans, year-end reports on funding, contracts with private organizations and provide administrative over site for the program-at-large, including resolution of tenant disputes. The PR's administer the monthly requests for HAP funds and administrative fees from the field service providers.

b. X Yes: If the PHA is not maintaining the minimum program size required by HUD, does the most recent FSS Action Plan address the steps the PHA plans to take to achieve at least the minimum program size?

WHEDA's agents continue to promote the FSS program at every initial briefing of families and each time a family is recertified. WHEDA's agents have found it very difficult to recruit families for the FSS program. We believe that Wisconsin's Welfare to Work program (W2) has had a lot to do with this.

If no, list steps the PHA will take below:
